## BAVARIA WILL REMAIN IN THE GERMAN EMPIRE

### CALL TO CITIZENS TO RALLY AROUND RIVER AID FLAG IS HEARD IN VALLEY

**Residents Urged to Cooperate With the Tennessee River Improvement Assn.**  
**ENTHUSIASTIC MEET IS HELD IN CHATTANOOGA**  
A clarion call to the residents of the Tennessee Valley and other sections of Alabama to rally around the standard of the Tennessee River Improvement Association was being sounded today by returning delegates from a conference at Chattanooga Monday when it was unanimously decided to continue the work of the organization.  
The conference was called by President Huston, of Chattanooga, to decide whether or not the organization should continue to function, this situation having been brought about by lack of funds in the association's treasury.  
The delegates went into session at 9:30 o'clock Monday at the hotel Patten and the conference lasted until 3 o'clock Monday afternoon. The visitors were entertained at lunch by President Huston.  
Following an open discussion, without any formal addresses, the delegates unanimously decided to continue the work. The following committee was named to plan a financial campaign for the association: John W. Knight, Albany; H. A. Bradshaw, Florence; J. L. Andrews, Sheffield.  
**Not Disheartened**  
President Huston and J. W. Worthington, who has long been associated with Tennessee river improvement, declared that the mere fact that the present congress failed to appropriate a sum for completion of the dam did not signify that the Wilson dam would not be completed. The association's financial plan has been found inadequate to meet the requirements, it was stated.  
During the session the delegates reviewed the past expenditures of the association and found them "very satisfactory."  
It developed at the meeting that it was the sentiment of those most familiar with the work of the association for completion of the pending river projects that the work of the public generally must be redoubled if success is to be assured.  
"The interest and co-operation of the people of the Tennessee river valley is needed now as never before," it was pointed out.  
Colonel Huston told the visitors that if the association would relieve him of the heavy financial burdens his office entailed he would give all of his time necessary toward assisting Mr. Worthington in the work at Washington.  
The budget of the association for the next year calls for the expenditure of approximately \$3,000 per month and a campaign will be launched soon to raise the amount in the cities of Alabama and Tennessee.  
A publicity campaign to acquaint the people of these states, as well as the remaining sections of the nation, with the essential facts concerning the magnitude of the river development, was decided upon at yesterday's meeting.  
It was declared that people thousands of miles away sometimes are found to be more familiar with the river projects than are the "people at home."  
Attending the conference in Chattanooga were: Messrs. Huston, of Preston, of Chattanooga; Hendrix, of Decatur; Bowles, Knight and Patterson, of Albany; Ashcraft, Bradshaw, Ellinger and Richardson, of Florence; Andrews and Cathey, of Sheffield; Worthington, of Washington.

### THREE DEFENDANTS HELD IN THE THEFT OF TAX RECORD ARE RELEASED ON BOND

**Coffee County Men Are Given Hearing Before Montgomery County Judge**  
**BONDS ARE SIGNED BY PROMINENT CITIZENS**  
**Efforts to Discover Evidence Held Against the Defendants Fails**  
(Montgomery Bureau Albany-Decatur Daily)  
MONTGOMERY, Ala., March 15.—After having been removed surreptitiously from Coffee county by state constables, W. M. Bailey, W. M. Reddock and M. N. Morrow, arrested at Elba Sunday on charges of burglary in connection with the removal of tax records from the court house, were ordered released on \$1500 bonds by Judge Walter B. Jones in the circuit court Monday afternoon. They immediately furnished bonds signed by prominent citizens of the county and returned to their homes.  
The state charges that Bailey, Reddock and Morrow are guilty of breaking into the offices of the assessor and collector and removing the tax records for several years in order that the state would be forced to make another assessment of property in that county. State constables quietly went into Elba Sunday during the hour for church services, arrested the three men and left town with them, according to the allegations of J. A. Carnley, one of the attorneys who appeared in behalf of the defendants in the circuit court Monday. Another attorney was Judge M. S. Carmichael, referee in bankruptcy here and a brother of A. M. Carmichael of Tusculumbia.  
**Montgomery Warrants**  
The arrests were made under warrants sworn out in Montgomery county by H. T. Knight, an employee of the state tax commission, and L. L. Phillips, state constable. It was charged that the men broke into the offices of the court-house the night of February 19 and removed the records. An affidavit attached to the warrant alleged that there was cause to believe the men would be rescued if confined in the Coffee county jail and that a safer place should be provided. Judge Leon McCord, before whom the charges were preferred, directed that the men be brought here for safe-keeping.  
Mr. Carnley, accompanied by a large number of citizens of Coffee county, came to Montgomery Monday morning and made a motion before Judge Jones (Judge McCord was in another county) that the cases be returned to Coffee county for trial and that the defendants be released on reasonable bonds if the court held that the warrants were not void. Judge Jones held that the warrants were valid, but that the cases should have been started in Coffee county. He then directed that the defendants be permitted to make bonds and that the bonds be returnable to Judge A. B. Foster of the twelfth circuit, who will sit in their preliminary trials.  
**Evidence Withheld**  
Efforts of newspaper representatives to find what evidence the state has against the defendants failed. However, it was learned that employees of the state tax commission and state constables have been working in Coffee county since the crime was committed. The warrants against the three defendants were sworn out late Saturday.  
Hugh White, assistant attorney-general, appeared for the state when the defendants made the motion to quash the warrants and insisted that heavy bonds should be required of the defendants. He declared that the theft of the tax books was a blow at the government itself and that any person suspected of complicity should be required to give ample security to assure his appearance for trial. Judge Jones said he felt fifteen hundred dollars was sufficient.

### Clara Hamon Bares Secrets of Illicit Love

**NEAR RIOT STAGED BY 'MURDER FANS' AGAINST COUNSEL FOR PROSECUTION**  
**STATE ATTORNEY WAS SLURRING REPUTATION**  
**"Mother Good as Any Who Ever Bore a Lawyer," is Shout**  
(International News Service)  
COURTHOUSE, ARDMORE, OKLA., March 15.—A near riot interrupted Clara Smith Hamon's trial shortly after it convened this morning when murder fans staged a demonstration against the prosecution.  
Attorneys for the prosecution were interrogating a witness attacking the reputation of the defendant's mother. "The old mother of this defendant is as good an old woman as any who ever bore a lawyer," shouted W. P. McLean, of defense's counsel.  
The court room was in an uproar. Murder fans arose in their seats shouting angrily and making gestures at the state's counsel.  
Judge Thomas W. Champion then ordered the court room cleared.  
The aged mother of the defendant broke down, sobbing uncontrollably. Clara Smith Hamon, Ardmore's "woman of sorrows" today stripped the mask from her romance with Jake L. Hamon, Oklahoma oil king and political czar, baring in sordid words the last secrets of their illicit love.  
The "woman of sorrows" from the witness stand made a last desperate plea to escape the sentence of life imprisonment which will accompany her upon conviction of the murder of Hamon.  
Murder fans, who staged a riot earlier in the day, fighting to hear her testimony, settled back in their seats. The drama within a drama began to unfold.  
"What is your name?"  
The first question asked by Attorney McLean was:  
"Clara Smith Hamon," she replied.  
"You are the defendant in this case, are you not?"  
"Yes, sir, I am."  
"Charged with having killed Jake Hamon?"  
"Yes, sir."  
A number of questions then related to her schooling were asked.  
"When did you first know Jake Hamon?" was next asked.  
"I have known Mr. Hamon for many years."  
"I wish you would begin on the afternoon of this Sunday of this fight and tell what happened and how it happened."  
"We had breakfast about 7 o'clock. After breakfast Mr. Hamon left me; I presume he went to his office. He usually did on Sunday mornings. I went back to my room and in the afternoon about 2:30 he came back to the room and we had a very pleasant conversation. He lay down on his bed to rest and he only stayed a short time, about an hour I should say. He then went back to the office, for he told me he was going back."  
"So I got in my car and went for a ride. It was about 6 o'clock, I think, I rode for about an hour. It was about 7 o'clock, dark enough for the street lights, when I came back."  
"When I drove up in front of the hotel, Mr. Hamon was sitting out in front in a chair. Between Mr. Hamon and the door of the hotel was another chair. He immediately grabbed me as I passed, by my arm, and shoved me down in the chair."  
"He said he wanted to talk to me, and used profane language. He said, 'where in the g—d—hell have you been?' I tried to quiet him. I told him 'please don't curse here. Don't make a scene here. If you want to curse and abuse me, let's go to the

### SHAM BATTLE TO TEST BOMB TAKING SHAPE

(International News Service)  
WASHINGTON, March 15.—Brigadier General William Mitchell, of the Army air service, who believes a battleship can be sunk by bombs from an airplane, today forwarded to Secretary of War Weeks a report on the proposed bombing experiment to be conducted jointly by army and navy fliers against obsolete warships.  
The bombing experiment was scheduled to take place between June 1 and July 15 at a point 50 to 100 miles off the Atlantic coast, between Cape Hatteras and Cape Henlopen. In addition to the battleship Iowa the targets will include several former German ships.  
**A. B. A. UNABLE TO MEET ITS PAYROLL BUGG ANNOUNCES**  
(International News Service)  
ATLANTA, Ga., March 15.—"On account of the lack of funds the payroll will not be met today. An effort is being made to provide funds for this purpose."  
This notice was posted today by Receiver B. L. Bugg, of the Atlanta, Birmingham and Atlantic railroad, whose employees have walked out in protest against a reduction in wages. Included in the payroll is money due 1,500 union men who walked out March 5.  
"The revenues have been almost entirely cut off since the strike which was effective March 5th" said Receiver Bugg in a supplementary statement.  
**HELP EMPLOYED**  
(International News Service)  
BIRMINGHAM, March 15.—Regular schedules, where they are thought necessary and crews for switching engines and help of every kind is being put on today by the A. B. and A. railroad, Superintendent C. E. Whittaker announced.  
Long lines of applicants for positions on the road filed through the company offices here daily, and it is only the matter of time until complete resumption of ordinary schedules will be in effect, it was claimed.  
The Birmingham-Lineville passenger, Atlanta-Cordex passenger and a freight to Lineville from Birmingham were operating on schedule time today.  
Switching crews in the company yards at Atlanta and here are also of large proportions to facilitate handling trains.  
**COURT IS BUSY**  
Judge W. T. Lowe and other court officials are receiving congratulations because of the rapid dispatch of business in court here last week. Forty cases were disposed of in court during the week.  
"He continued to curse me and I noticed that the lights in the car were on and I said 'wait a minute.' I went to turn the lights out on the car. He turned me loose and I walked over and turned off the lights. When I tried to get through the door he again grabbed me and pushed me down in the chair and again he said: 'you—what are you doing? I said 'go to the room, Mr. Hamon, if you want to abuse me, there are some men here, you mustn't talk that way in public.' So he got up and went upstairs to my room. I was afraid of Mr. Hamon, look in his face I had never seen before. He was drunker than I had known him. When I got to my room the door was locked between our room and the bathroom door was locked. He choked me and hit me and somehow he threw me over on the bed."

### AGREEMENT ON TAX AND TARIFF BILLS IS EXPECTED TUESDAY BY G. O. P. LEADERS

**Chairman of Congressional Committees Will Call Upon President Harding**  
**CHIEF QUESTION WHICH NOW HAS PRECEDENCE**  
**Some Division of Opinion on Which Should be Enacted First**  
(International News Service)  
WASHINGTON, March 15.—Agreement on the taxation and tariff program, which the Republican administration will place before the 67th Congress next month, is expected to be reached today.  
Senator Penrose, of Pennsylvania, chairman of the Senate finance committee, and Representative J. W. Fordney, of Michigan, chairman of the ways and means committee, will go to the white house for a conference with President Harding.  
The two chairmen will outline the sentiment of their respective committees and with the Chief Executive will outline a course of procedure.  
The chief question is whether the tariff or taxation measure will have precedence. The majority of both committees favor tariff revision before tax revision. The Republican leadership of the house, as represented by Representative Mondell, of Wyoming, favors tax action first. Both committees have agreed on the passage of an "anti-dumping" bill and also a bill to value duties under the present Underwood law on the basis of American dollars instead of foreign currency.  
**CHURCH WILL LIVE PASTOR DECLARES**  
Dr. L. F. Goodwin, pastor of the Westminster Presbyterian church, preached two inspiring sermons, to good sized congregations Sunday morning and evening. Owing to the illness of Mrs. B. B. Pickens, the organist, the assistant organist, Mrs. George Jackson, played the accompaniments to the hymns, and for the beautiful vocal solo by Miss Helen Camody. The theme of Dr. Goodwin's morning sermon was "Magnifying Difficulties," a practice which a strongly condemned. Said the minister, revering to the Israelites spoken of in his text:  
"As they magnified their difficulties, they discouraged the people. It is a crime and a sin to be a discourager. People have been put to death for discouraging armies. Some should be court-martialed today for being discouragers in business. There are those who see giant difficulties in the financial world, and impending calamities in the political world. Everything is going to the 'how-wo's' as some people see it. To them, God must be asleep, while the Devil is foreclosing a mortgage on the world. Many people see 'things at Night,' and all time is night to them."  
"According to the mind of some the Church is losing ground, though Jesus Christ said 'The Gates of Hell shall not prevail against it.' Thus this grasshopper idea seized the people, and they said, 'Would God that we had died in Egypt. They even proposed in the presence of their God given leader to elect a Captain and return to Egypt. The Shekiah (God's presence) appear from the tabernacle, and but for the intervention of Moses who pleaded most eloquently with God to spare the Nation for the sake of His glory, they would have been destroyed. But they were severely punished in their wanderings."

### SANITATION NIGHT OBSERVED BY CITY COUNCIL, HEALTH STEPS ARE TAKEN

**Many Measures Adopted Looking to Improvement of Sanitation Here**  
**NEW SEWER LATERALS IN 2 WARDS AUTHORIZED**  
**200 Garbage Cans Are Purchased for Sale to Residents at Cost**  
Last night was "sanitation night" at the Albany city council's regular meeting and several steps were taken toward a more healthful city.  
The council met to hear objections to the proposed ordinance authorizing the construction of certain sanitary sewer laterals in the second and third wards. No objections were heard and the ordinance was made final and the city authorized to receive bids for the work.  
The sanitary officer was instructed to open and drain several ponds, knowledge of the existence of which came to the council and also was instructed to arrange the best possible drainage system for the city, reporting frequently to the council in order that the body might keep in touch with the progress of the work.  
Announcement was made that 200 garbage cans have been purchased by the city and will be sold to citizens at cost. Citizens were required to keep the cans covered.  
Following last night's meeting, City Clerk Henry Hartung today announced that delinquent license must be paid by Thursday, March 17, or fines will be imposed. He requested all delinquents to investigate their status and make payments promptly in order that further costs might be saved.  
"This step is compulsory under the law," he said, "and we hope that all citizens will take advantage of the days of grace to save themselves further costs."  
**MISS CLARKSON IN NEW YORK TRIUMPH**  
"A great triumph. Full house," said a wire received here yesterday from friends in New York, in regard to the appearance yesterday of Miss Margaret Clarkson at Aeolian hall, where she made an impression with her remarkable vocal gifts. That will probably land her in the famous column of musical celebrities.  
It is most gratifying to her friends here that she is to be recognized among the great ones who are gifted as only a few are. "Gus Margarat" has been in New York during the past year under the best masters of voice culture and her triumph is city what could have been expected. Alabama takes great pride in her gifted daughter.  
**REPRISALS BEGUN IN CORK COUNTY**  
(International News Service)  
LONDON, March 15.—An official reprisal, in which bombs and the torch were used, was reported from Cork county in a dispatch to the Evening News today.  
The attack was made by soldiers in retaliation for the shooting of a sergeant.  
A farm house in the Kilmallock district was burned and other buildings were bombed.  
**CENSUS REPORT**  
(International News Service)  
WASHINGTON, March 15.—The census cotton export for February, issued today, shows the number of bales for 1921 and 1920 respectively: Cotton, exclusive of linters, consumed during February total 395,563 and 515,699.

### ALLIED PENALTIES ARE LEGAL UNDER VERSAILLES PACT, COMMISSION SAYS

**"Legally Justified" Germans Told in Answer to Their Recent Note**  
**DOCUMENT DRAFTED AT MEETING TODAY**  
**Germany Reminded She Has Not Yet Paid the First Sum Due**  
BERLIN, March 15.—"Under no condition will Bavaria concede, from the German empire," it was declared today by Dr. Hine, Bavarian leader in the Reichstag. Bavaria will not do that favor for France, he said.  
The threatened clash in the Reichstag over the law dissolving the einwohnerwehr, the Bavarian security police, has temporarily passed the danger point as the measure has been referred to committee for amendment.  
Dr. Walter Simons, the foreign minister, in giving an opinion upon the bill, said the allied ultimatum demanding that the einwohnerwehr be dissolved by March 15 was not longer operative because of the indemnity penalties.  
PARIS, March 15.—The reparations commission today drafted a note to Germany, declaring that the allied military and economic penalties were legally justified under the treaty of Versailles because Germany had not paid the amount of money pledged under that covenant.  
This allied note was designed as an answer to the German contention that the advance of the allied troops on the Rhine nullified the peace treaty.  
The document was drafted at a meeting of the reparations commission this morning. It pointed that Germany had paid less than one half of the 20,000,000,000 gold marks due from her under the terms of the treaty.  
**REPORT DENIED**  
WASHINGTON, March 15.—Customs posts for the collection of German customs by the allies have not yet been established in the American zone of occupation, Major General Henry P. Allen, in command of the American army of occupation, informed the state department today.  
General Allen advised the State department that the inter-allied Rhine land high commission has made formal denial of press reports that it has complete information relative to revenues from German forest and general taxation or that it had any authority to control such revenues.  
**BASEBALL MEET BE HELD TONIGHT**  
A city league for the Twin Cities was scheduled to be organized at a meeting to be held tonight in the rest room of the Southern Bell Telephone company at 7:30 o'clock. An invitation was extended to all local fans and to representatives of all of the proposed teams to be present and aid in the organization.  
It is expected that at least six clubs will be entered in the circuit. The American Telephone and Telegraph company and the American Legion already have organized squads, while one or more teams from the Louisville and Nashville shops will enter, it is said.  
The Spencer Bible class of the Central Methodist church and Kiwanis club also are planning teams, while rumors are that Twin City cotton men will form a club.  
**CROP DAMAGED**  
(International News Service)  
AMITE, La., March 15.—Damage to the strawberry crop is today estimated at about \$500,000 following the overflow of Amite river, which stopped the Illinois Central trains from moving the berries to market.

## MR. DAUGHERTY SPRINGS PLEASANT SURPRISE

The very man of President Harding's cabinet, who was regarded as the most politically inclined and objectionable, turns out to be the first one to make a public statement saying that good service is to be placed above immediate political interests. Mr. Daugherty makes no promise as to what he will do in future, but he makes it clear that for the present at least no changes are to be made in the personnel of the federal office organization. He says that there shall be no undue haste in filling the offices for the next four years, and that the business of the whole people is not to be neglected in order to accommodate office seekers.

The pie counter contingent of the G. O. P. will not tell the pronouncement of Daugherty under their tongue as sweet morsel. If the new Attorney General is playing politics it is of a shrewd and long sighted brand. He knows that the bulk of the American voters care very little whether a Democrat or a Republican holds an appointment; the only question of moment to them being, is the office ably and impartially administered. Mr. Daugherty probably will conclude in many instances, where Democrats are giving entire satisfaction, that it will serve no good end to remove them. The administration of justice in the federal courts for the next few years, will be an extremely difficult undertaking, not only because so many post war cases will come up, but because the federal district judges have been under fire so much in the last few years that their courts will function under unusual difficulties, if badly managed.

It should not be considered a strange thing that any man who belongs to the official family of an American President, should be careful to put the public good above any personal consideration; but the experience of the past indicates that many Cabinet members have thought of their personal friends first, and the interests of the country second or not at all.

If every member of Mr. Harding's cabinet surprises the country as much as has Mr. Daugherty, provided it is in the right direction—we may look for an ideal administration so far as the heads of the great departments go for the next four years.

## ALABAMA GIVES GENEROUSLY TO ANOTHER GOOD CAUSE

When that day comes that generous-hearted Alabamians do for themselves as they do for others, this state will literally blossom like a rose. According to Herbert Hoover, the contribution of Alabama to the European relief fund for the children of central and eastern Europe, which has reached approximately \$50,000, "will be the largest per capita offering from the entire south."

Birmingham and Alabama led in victory loans, in donations to the Y. M. C. A., and in response to every appeal of the war's causes. Mercy Home, the Boy Scouts, the Boys' Industrial school, the homes for working girls, the various churches; every worthy approach to the pocketbooks of the people of Birmingham is met with cordial and generous response.

There is never but one difficulty in separating the Alabama masses from their money. It is lack of conviction of their obligation to give. Make the obligation plain and the money issues as a stream from its rocky recess. There was no trouble in getting money for the schools. The poorest voted that tax gladly because they love their children and because the tax was surrounded with protection against diversion.

People understand the appeal of Armenia and Polish children. They know the war has left its trace in privation. They give because in their minds' eye they see suffering children.

Alabamians voted the highway amendment when their minds were serene and their hearts not disturbed. They voted down the port aid amendments at a time when their affairs were in a state not conducive to mental and moral calm and poise.

The response to the cry of the children of Europe shows that Alabamians are all right and will do the right thing in the long run.—Age Herald.

## NEWSPAPER ADVERTISING AS AN AID TO RELIGION

There is no longer is any question about the propriety of churches using display advertising to call attention to their services and to increase attendance at them. In the larger cities the churches advertise extensively in the daily papers, usually selecting the Saturday issues, although many larger city churches have advertisements in the Sunday editions. The wisdom of church advertising is no longer questioned, but the practice of using display advertising has not extended as yet very extensively into the smaller towns or to the weekly publications. In time it will be no more unusual to see church advertising in all the papers than it is now to see store advertising in them.

In cities like Atlanta and Memphis many columns of newspaper space are used by the churches. That the advertising brings satisfactory results is attested by the fact that it is continued. If it did not bring results it would be discontinued. In most of the churches of today, business ideas prevail, budgets are used and the business of the church is conducted as carefully and as efficiently as the business of a mercantile establishment. It is the modern and the sensible plan, and the custom of advertising will grow in

the churches because it is a business custom and a practical effective way for getting the church before the people.

The Baptist Publicity Handbook in a recent issue gave a number of replies received from pastors and church officials to an inquiry about the effectiveness of advertising for the churches. The Albany-Decatur (Alabama) Daily publishes these replies in a recent issue and they are reproduced from the paper below.

Here is testimony from the church organizations in many places that church advertising is a direct and almost immediate help in increasing church attendance, spreading the gospel and increasing public interest in religious matters. The advertising church generally is largely attended, and religion can only be taught to the people who go to churches. In advertising helps to take people to church, it is an aid to religious progress.—Anniston Star.

## THE WRONG GERMS

Another ribbon has been ripped from the garment of my Lady Nicotine. An Italian scientist reports that after exhaustive experiments, he has proved that tobacco smoke does not kill the germs of disease. It does not even make them spit. Saturated in smoke, they continue healthily and cheerfully upon their evil ways.

What of it? The Italian doctor experimented on the wrong kind of germs. Diphtheria, typhoid and influenza are not the ills on which the salutary influence of tobacco is expected to exert itself.

Suppose you hear your mother-in-law is coming for a visit. Depression overtakes you. You have an uneasy feeling in the pit of your stomach and your feet are cold. You light up. The symptoms slowly disappear. The depression vanishes. The germ of despondency is dead. What killed him? Tobacco.

Anger, fatigue, fear, self-distrust—put any or all of these into the bowl of a pipe and they perish. They dry up and float harmlessly away. And in their stead come dreams and sweet confidence—germs of delight which thrive on nicotine.

But so far as concerns the germs which the Italian experimenter actually worked on, we are forced to accept his conclusions. He tried them on Italian tobacco, and if that don't discourage them, no sort in the world would.—Laurel (Miss.) Leader.

## SAFETY FIRST

A little dog sat on the rail  
The train was coming fast;  
The little dog got off the rail  
And let the train go past.

Another doggie sat in the road,  
An auto—this is sad—  
Moved rapidly, and doggie didn't  
But how he wished he had.

Benson has been asked to guide the ship board, The Nashville, Tennessee says. Benson has earned his pilot's license.

## LUKE KNOWS

I've kept my eyes wide open, Luke,  
And I am sure you'll know,  
So tell me now, if you please, Luke  
What made gin rickies sloe?

We learn from The Florence News that the word "Please" used in telegrams costs the United States \$3,000,000 annually. Its cheap even at that.

Columbia, Tenn., is to have an automobile show this year. The Twin Cities are still setting the pace.

Secretary Wallace, now head of the Federal agricultural department, makes an "appeal for the farmers." What Mr. Wallace and the new Republican administration intend to actually do for the farmer is much more interesting.

Here's another side to the court question. The Huntsville Daily Times says: "Conviction of 52 cases out of 65 tried in Madison county is some record. But when you think of the some ninety odd years of penal service to be rendered, there's just that much labor taken away from Madison county. The lesson, therefore, is that it is cheaper and better to live right than it is to live wrong, suffer all this punishment and plunge family after family into misery."

It seems odd that every section can have a professional baseball league except North Alabama.

If the truth were known no doubt President Harding would be more comfortable if he knew what Senators Borah and Johnson intended doing six months from now.

North Carolina is planning to spend \$50,000,000 more on good roads. Many miles of Carolina highways will be cut from the sides of the mountains. An expensive process, indeed! How much more fortunately situated in Alabama in that most of her highways could be constructed on practically level land. But poor Alabama, apparently she has a shortage of legal talent in the legislature or an overabundance of legal talent in the supreme court. Its rather vague to the average citizen which is the real situation.

Another sign of spring. The annual "clean up and paint up" advertisements are making their rounds.

Just a reminder—don't forget those Easter togs.

"Criminals no longer fear the electric chair," says a headline. Trouble is too few of them have had any experience with it.

The sooner folks quit speaking of the Wilson League of Nations, the sooner will the Republicans take steps to ratify it.

"Normalcy is an impossibility, the G. O. P. is told," declares The Anniston Star. It was known all the time but proved a very successful catch phrase for the voters.

## Wilson Wear Is The Victim of an Unusual Accident

Wilson Wear, aged 18, son of Mrs. Jesse Mainard, of Albany, is recovering at Youngstown, O., from injuries received in a very unusual accident. Young Wear was walking in the hall of the Y. M. C. A. at that place when he slipped and fell, an umbrella which he was carrying, penetrating his left groin. Employees of the building heard the lad groaning and went to his assistance.

The following press dispatches, telling of the injury, were received here today:

Wilson Wear, 18, Pittsburgh traveling salesman, was seriously injured in a peculiar accident at the Y. M. C. A. where he has a room, at 6 p. m. Thursday.

The young man was carrying an umbrella and in some manner slipped and fell, the steel shank of the umbrella penetrating his left groin to the depth of about two inches. The accident happened in the hallway of the fourth floor of the dormitory. An employee of the Y. M. C. A. heard him groaning and found him on the floor. He picked the injured lad up and carried him to his room, then summoned Dr. D. H. Smeltzer, who rendered the necessary surgical assistance. Unless serious complications set in the young man is expected to recover quickly.

## Twin Cities Praised By Eli Haggard

(By Eli Haggard in The Florence Daily News.)

Visited the Twin Cities last week. One daily paper, The Albany-Decatur Daily, serves both cities and enjoys a splendid patronage. Of course I wended my way to the newspaper office. A fellow who has fooled around a newspaper office as long as I have can smell printers' ink from one town to another, if they are as close together as the Twin Cities. Didn't get to see Editor Shelton nor Brother Blair, but met the associate editor, Mr. Bloodworth and detained him from his work for a few minutes just to get acquainted. You remember that at the last session of the North Alabama Conference Dr. J. F. Sturdivant, of Florence, was assigned to the First Methodist church, Albany. The Doctor rolled up to the hotel in his auto just as soon as he learned that I had arrived and showed me both cities and the regions round about. Pointed out the churches and the schools and the other points of interest. He asked about everybody in Florence and sent his love to the Florence people. In the evening I had the pleasure of a visit to Austinville, a little town of about 1,500, three miles out from Albany where I presented "The Country Boy" to a splendid audience of splendid people. Dr. Sturdivant says that the people of the Twin Cities are very fine people. All of which I steadfastly believe, to use a Methodist expression.

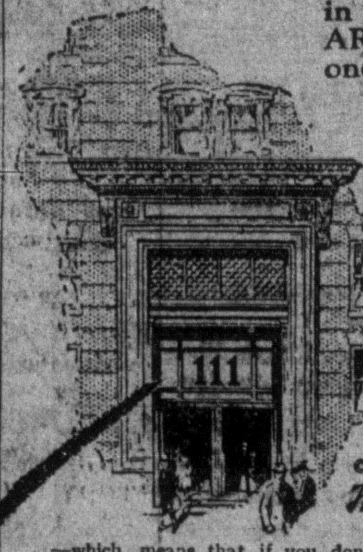

## Bargain of a Lifetime

We have near this town a fine, Kimball organ, condition good as new. To save shipping expenses will sacrifice for balance of mortgage. Write W. W. Kimball, Company, Collection Dept. Chicago, Ill.—Adv.

Foxes and monkeys fret so much in captivity that their lives are shortened.

# Quality and the Reason "111" "ONE-ELEVEN" 20 cigarettes 15¢

A NEW product has been produced—a quality product—and one that is giving satisfaction. After the Armistice, the high rate of exchange prohibited the exportation of certain fine types of leaf tobacco. These types of tobacco have never previously been used in the manufacture of cigarettes selling in this country. We have bought this tobacco at a low price, and it is offered to you in "111" (ONE-ELEVEN) CIGARETTES—a new product—and one that is giving satisfaction.

FINALLY—  
try them!

Guaranteed by  
The American Tobacco Co.

—which means that if you don't like "111" Cigarettes, you can get your money back from the dealer.

ONE-ELEVEN (111) 5th Avenue, New York, is the home office of The American Tobacco Company. The American Tobacco Company has been serving the public with fine tobaccos for many years. It commands the experience and skill to prepare and know good cigarettes. Do you think, Sir—The American Tobacco Company would give the address of its home office as the name of a new cigarette if it did not believe that the blend would please you?

Rain Necessary for Tea Growth.  
Tea requires a rainfall of 60 inches and irrigation will not serve in lieu thereof, as a somewhat humid atmosphere is needed.

## He Is Looking 'Em Over Again

"Eight years of stomach and liver trouble reduced me to a walking skeleton. My skin was dried up and as yellow as a twenty-dollar gold piece. I was filled with gas and had severe pains in my right side. I could not think and had lost all ambition to do anything. Doctors' medicine did not touch me. My cousin advised Mayr's Wonderful Remedy, which snatched me from the grave. I have gained sixty pounds, eat like a hired man and am looking 'em over again." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

S. M. Thompson in Albany, Owl Drug Co., in Decatur and Druggists everywhere.—Adv.

## BAD COUGH; NIGHT SWEATS; LOST WEIGHT

Mr. Coleman thought his time had come. But he's well now.

"I was taken with a dry, hard cough about 6 months ago. Finally I got so sore across the chest I could hardly breathe; had night sweats and everything would be wringing wet, and coughed continually until I thought it would kill me. Had no appetite, spent over \$100 on doctors and medicines, and was worse off than when I started.

"The first bottle of Milks Emulsion did me more good than the \$100 spent for other treatment. It soon gave me a good appetite, my cough left me, and I have regained the flesh and strength I had before I was sick."—Arthur Coleman, Box 301, Helena, Ark.

You need an appetite, a good stomach, and some real strength if you want to fight off disease. Give Milks Emulsion a trial at its maker's risk.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in restoring and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 75c and \$1.50 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

Sold by Thompson's Drug Store, Albany, and Beason-Cobb Drug Co., Decatur, and all first class druggists.

### CITY TAXES

Municipal and School Tax, delinquent, must be paid or property will be advertised April 1, 1921. H. HARTUNG, City Clerk (Adv. 15-1f)

Irregular bowel movements should be corrected, as they lead to chronic constipation. Take a dose of Prickly Ash Bitters at bedtime and you will get its beneficial effects after breakfast next morning. It empties the stomach and bowels and makes a man feel fit for the day's work. Price \$1.25 per bottle. Sold by all Druggists.—Adv.

### MISS NELL ROCHE

#### CANDIDATE

Miss Nell Roche, of Nashville, is the first woman to announce as a candidate for the city council, in that city.

Miss Roche is well known in the Twin Cities, having been a recent visitor at the home of Dr. and Mrs. M. W. Murry.

She has been a school teacher, served in the overseas section of the quartermaster's corps in Washington during the war, president of the Twentieth Century Club and held other important offices.

The result of her race will be watched with interest by local women, especially those taking an active interest in politics.

### BENEFIT CARD PARTY

The third of a series of benefit card parties, will be given at Chamber of Commerce rooms, tomorrow afternoon at 2 o'clock. Proceeds to be donated to charity.

The card playing contingent of the two towns are asked to get in touch with Mrs. W. K. McNeill, and Mrs. Marcia Ballard, committee in charge and arrange for tables. Many attractive prizes have been donated by the business houses of Albany-Decatur.

Mrs. Montebano and Mrs. Mills, of Kansas City, who have been demonstrating White Crest flour in South Albany and Albany, are spending the present week in Decatur, where they have arranged for daily demonstrations at the McGee Furniture Company each afternoon. Valuable prizes are given away at 5:30 p. m. daily.

Mrs. Horace Beard and daughter, Miss Louise of Newport, Pa., who have been the winter guests of Mr. and Mrs. H. B. Beard, will return the latter part of the week from a two weeks trip spent at New Orleans and other points south.

Mrs. J. H. Donnell, after a visit with Mrs. D. C. Hart, has returned to Decatur, Ala.—Nashville Tennessean.

### CHILDREN'S PARTY

A happy event was the birthday party given on Saturday afternoon by Mrs. R. C. Bodrey, honoring her two children, Annie Pearl thirteen, and Fred Lee, age three. Games were the features of amusement during the afternoon. Later the guests, numbering about thirty, were invited into the attractively decorated dining room where delicious refreshments were served by Mrs. Bodrey. Miss Louise Jolly and Lilly Mae Gray assisting. These twin honorees were the recipients of many pretty and useful gifts.

Mrs. H. O. Pickard and little son of Mt. Pleasant, Tenn., are the expected guests of Mr. and Mrs. T. H. Alexander.

Mrs. M. S. Workman, and daughter Miss Marjorie of New York are the guests of Mr. and Mrs. Early Phinizy.

Mrs. M. A. Phelan, and two children Martin and Marjorie of Chicago, are the expected guests this week of Mrs. C. V. Dupont.

Miss Pattie Kirkland, is convalescing after a serious two weeks illness.

Miss Willie Feist Price will return from Chattanooga this evening. Miss Price will be accompanied home by her aunt Mrs. Chas. F. Searcy.

The Ladies' Aid Society of the Willoughby Presbyterian church held its regular social with Mrs. S. Goidel on 13th avenue Friday, March 11.

The devotional was led by Mrs. J. H. Call. During the hour each lady was asked to give reasons for attending the Ladies' Aid; some of which were: "United we stand divided we fall," "Because it's uplifting and the church needs it," "To get better acquainted," "It's for a good cause," "For the help we may be to the church and to others," "Co-operation creates a spirit of fellowship and love pleasing to God."

The winners of a marble contest were Mrs. W. G. Anderson and Mrs. H. Houke. At the close of the hour the hostess served a delicious salad course which was thoroughly enjoyed by all.

Those present were Mesdames: W. G. Anderson, R. V. Gilliam, J. H. Call, A. Kitchens, G. Little, B. L. Hartung, L. F. Little, H. Houke, J. Wiggins, G. Edwards, J. H. Norton, F. Thornhill, J. H. Thompson, Chas. Farrar, S. Goidel, W. R. Alexander and Miss Eugene Alexander.

Interesting letters were read from the state president, welcoming the club into the state and national organization of junior music clubs, and suggesting interesting lines of study, that the members may become familiar with the world's best music. The club decided at each meeting to have at the close of the program a music memory contest, when classical selections will be played, each member of the club writing on prepared slips of paper the name of each composition and composer. A social hour followed when dainty refreshments were served by the hostesses assisted by Mrs. Pointer and Miss Mary Daniell.

Mrs. Carl Wilkinson and son Carl, Jr., have returned from Birmingham, where they were the guests of relatives.

Mrs. M. S. Workman and daughter, Miss Marjorie, of New York, are guests of Mr. and Mrs. Early Phinizy.

## PERSONALS

Mrs. Graves W. Petty, who was operated on at Benovolent Society Hospital last Wednesday, is reported as much improved today and will soon be moved to her home.

Frank S. Harris of the Harris Motors Co., Bank street, is installing today one of the latest wrinkles in gasoline service stations. It has a visible tank and the pump is operated by electricity.

C. O. Flippen is able to be out after some weeks illness. Though not fully recovered he is making progress toward full health.

C. W. Berry of Hillsboro, is the guest of his niece, Mrs. B. O. Sims. B. O. Sims, is in Moulton on business.

### BIRTH

Born to Mrs. and Mrs. W. E. Steed son March 11th 1921.

### COTTON SEED SEIZED

MONTGOMERY, ALA., March 15. (Special)—Because the guaranteed weight did not jibe with the actual weight, two hundred and fifty-five sacks of cotton seed hulls were seized at Goodwater by inspectors of the food and drug bureau Saturday. The label said the weight was one hundred pounds, while the actual weight was eighty-seven pounds.

### MRS. NOLLAU ILL

W. C. Nollau, secretary of the Louisville and Nashville Railroad Y. M. C. A. here, has been called to St. Louis to the bedside of his mother, who is very ill.

### Practice Kindness Now.

There are kindnesses, hospitalities, public and private duties, and fellowship in the civic and social life of one's calling and station which help to make our journey here satisfying and gratifying. These should not be postponed nor stunted. I expect to pass through life but once. If, therefore, there be any kindness I can show or any good thing I can do to any fellow-being, let me do it now, and not defer or neglect it, as I shall not pass this way again. This always timely text is usually attributed to William Penn.—Humphrey J. Desmond.

### The Mennonites.

The Mennonites derive their name from Menno Simons, formerly a Catholic priest, who became a teacher and leader of the Anabaptists about 1537, and published his "True Christian Belief" in 1556.

Conspiracy Case  
Is Before Court

(International News Service)

MACON, Ga., March 15.—Taking of testimony in the Federal court in the case of 64 defendants under indictment in a conspiracy to rob the American Railway Express company of \$1,000,000 worth of goods, began today following the selection of a jury to try 59 of the defendants.

C. H. Condrey and W. A. Hughes, of Atlanta; R. C. Brinson, of Millen; H. M. Alsbrook, of Eufula, Ala.; and W. C. Green, of Euclue, Tenn., pleaded guilty and will be the main witnesses against the others.

Twelve reside in Macon, the others being scattered over Georgia, Alabama and Tennessee.

Special Court to  
Try Negro Slayer

(International News Service)

PERTH AMBOY, N. J., March 15.—"Jersey justice" is expected to move quickly in the case of Washington Knight, the negro who confessed to the brutal attack on Mrs. Edith Marshall Wilson, pretty young church organist, which caused her death.

Prosecutor Joseph Stricker had today called a special session of the grand jury for next Friday. He announced that Knight would be indicted on a first degree murder charge and placed on trial immediately.

## CARD OF THANKS.

## CUT THIS OUT

OLD ENGLISH RECIPE FOR CATARRH, CATARRHAL DEAFNESS AND HEAD NOISES

If you know of some one who is troubled with Catarrhal Deafness, head noises or ordinary catarrh, cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. In England scientists for a long time past have recognized that catarrh is a constitutional disease and necessarily requires constitutional treatment.

Sprays, inhalers and nose douches are liable to irritate the delicate air passages and force the disease into the middle ear which frequently means total deafness, or else the disease may be driven down the air passages towards the lungs which is equally as dangerous. The following formula which is used extensively in the damp English climate is a constitutional treatment and should prove especially efficacious to sufferers here who live under more favorable climate conditions.

Secure from your druggist 1 ounce of Permut (double strength). Take this home and add to it 1/2 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. This will often bring quick relief from distressing head noises. Clogged nostrils should open, breathing become easy and hearing improve as the inflammation in the eustachian tubes is reduced. Permut used in this way acts directly upon the blood and mucous surfaces of the system and has a tonic action that helps to obtain the desired results. The preparation is easy to make, costs little and is pleasant to take. Every person who has catarrh or head noises or is hard of hearing should give this treatment a trial.—Adv.

A DECATUR  
INTERVIEW

Mrs. Speck Tells Her Experience.  
The following brief account of an interview with a Decatur woman 12 years ago, and its sequel, will be read with keen interest by every citizen.

Mrs. H. S. Speck, 302 West Pond street, Decatur, says: "One of my friends who was in the condition I was in from kidney trouble advised me to use Doan's Kidney Pills. I got a box at the Owl Drug Co. When I had finished four boxes, I felt as well as ever. My back was lame and pained me constantly. My heart was affected and I was extremely nervous and even the rustling of a newspaper in an adjoining room would irritate me greatly. Other remedies had failed to help me, but it didn't take Doan's long to help me."

The above statement given February 26, 1908, and on February 27, 1918, Mrs. Speck said: "I have had very little to complain of in the way of kidney trouble since Doan's Kidney Pills cured me."  
60c at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

HOOVER-WALLACE  
TO AID MEDIATION

(International News Service)

WASHINGTON, March 15.—President Harding today approved the plan for a conference between Secretary of Labor Davis and representatives of the packers and the packers' employees in an effort to adjust labor troubles in that industry.

The President approved the plan of having Secretary of Agriculture Wallace and Secretary of Commerce Hoover participate in the negotiations.

Secretary Davis said the date for the conference has been set for March 21.

BRISTOL HEARD BY  
MACHINISTS UNION

The Machinists' Union met in regular session last night, with a very large percentage of its membership in attendance. The chief feature of the meeting was a lengthy address by Jos. D. Bristol, of Birmingham, Louisville and Nashville System General Chairman of the Machinists' and Helpers. Fred M. Sittason, and A. B. Duff, were appointed by Chairman Shates as delegates to the Central Labor Union to succeed Frank D. Lewis and George O. Feyereabend, who wished to be excused from that service.

In one part of his address Mr. Bristol touched on the present stage of the controversy now before the United States Wage Board at Chicago, declaring that the noon editions of the papers stated that the 10 Craft Unions of the Railroads and the Four Brotherhoods had told the Wage Board through their spokesman, Frank P. Walsh, that unless the Railroad Chiefs were subpoenaed to appear before the Board, that the labor representatives would withdraw. When at the close of the meeting, Mr. Bristol's attention was called to late editions of the papers showing that the Wage Board has agreed to the request of the labor representatives, he expressed gratification.

Drilling Again at  
English Number 1

Drilling at English Number 1 has been resumed and very satisfactory progress is being made, it was announced today. The well now is at a depth about 100 feet and the drillers are cutting rapidly through the very hard cap rock encountered several days ago.

Be in Lawrence

(Special to The Daily.)

MOULTON, March 15.—I. T. Quinn, of Auburn, District Agricultural Agent, is expected this week to be in Lawrence County for several days to work with J. F. Yarbrough, County Agent. If the weather permits the two expect to accomplish considerable work among the farmers around Moulton. Later in the week Farmers' Union men are expected to be in the county also.

## After Rain in the Desert.

After a rain in the deserts of the southern part of the United States there is a scent in the air which is very much like spices. This odor comes from the greasewood bush, which grows in great quantities all over the dry lands at certain altitudes. This shrub is dark green, and when its leaves are dampened by the rain, they send out into the air this very agreeable perfume, which makes rain in the desert even more pleasant.

## "Inspired Idiot."

We are told that this was a nickname bestowed by Horace Walpole on Oliver Goldsmith, because of the strange medley of wit and foolishness, genius and stupidity which entered into his mental makeup.

## Remarkable Endurances.

A man, fifty years old, has walked from London to Yarmouth in less than twenty-eight hours. This distance is one hundred and twenty-four and a half miles. It would take a very good horse to equal such a feat. Another man, C. A. Harriman, tramped a distance of over one hundred and twenty-one miles without resting.—London Mail.

New Official Takes  
Up Loan Problem

(International News Service)

WASHINGTON, March 15.—The problem of foreign loans of the United States will be placed in the hands of Elliot Wadsworth, newly appointed assistant Secretary of the Treasury. Secretary of the Treasury Mellon announced today.

Nicholas Kelly, assistant Secretary during the last administration, has agreed to continue in office for a short time to familiarize Wadsworth with his duties.

## Mercury.

Mercury is that strange liquid metal that is not wet. If you heat mercury or dilute it with an acid and mix it with almost any metal except iron and platinum, the two will combine and form an alloy known as amalgam. —Popular Science Monthly.

Keep the bowels active and the digestion good—if you would enjoy health. A dose of Prickly Ash Bitters whenever disorders appear will keep a man on the active list. Price \$1.25 per bottle. Sold by all druggists. —Adv.

One-third of the sugar used in America is used in candy and sweet drinks. From ten to twenty of every hundred babies die before they are a year old.

This is  
Battery Inspection Week  
Free examination and unbiased  
advice at Prest-O-Lite Service Stations

DRIVE around to the Prest-O-Lite Service Station this week and let experts give your battery the once-over. Get ready for the motoring season just ahead. No matter what make your battery is, the service station's job is to examine it and advise you intelligently and honestly. Maybe it doesn't need so much as a drink of distilled water.

Anyhow, it won't cost you a nickel to find out. And now's the time to do that. Some little five-minute adjustment NOW may save you the price of a new battery later.

You are careful to see that your car has gas, oil and water. Don't overlook that equally important element—battery-juice. Every Prest-O-Lite Service Station is a life-extension dispensary for batteries.

When you do need a new battery, you'll be glad to know that Prest-O-Lite is back to pre-war prices and that an allowance will be made on your old battery. Get that examination now.

## USE SLOAN'S TO WARD OFF PAIN

You can just tell by its healthy, stimulating odor, that it is going to do you good

"If I only had some Sloan's Liniment!" How often you've said that! And then when the rheumatic twinge subsided—after hours of suffering—you forgot it!

Don't do it again—get a bottle today and keep it handy for possible use tonight! A sudden attack may come on—sciatica, lumbago, sore muscles, backache, stiff joints, neuralgia, the pains and aches resulting from exposure. You'll soon find warmth and relief in Sloan's, the liniment that penetrates without rubbing. Clean, economical. Three sizes—35c, 70c, \$1.40

**Sloan's Liniment** (Pain's Enemy)

## RAILROADS REQUEST INCREASES IN RATES IN STATE CONTINUE

(Montgomery Bureau Albany-Decatur Daily)

MONTGOMERY, ALA., March 15.—All railroads operating in Alabama filed a petition with the Public Service Commission Monday for the promulgation of an order making permanent the twenty-five per cent increase in freight rates which was granted for a period of six months by the Public Service Commission in November and which will expire April 30 unless a further order is issued. The commission set the petition for hearing April 4.

In the petition which was filed by Nelson Proctor, commerce attorney for the Louisville and Nashville railroad, for all the railroads it is alleged that conditions are the same, if not worse, now than they were when the first petition was filed and that it is necessary that the increase be continued if the railroads are to continue operation and the making of improvements which must be made if the traffic of the southeastern states is to be handled.

The rates on interstate traffic in Alabama have been made effective throughout this territory and the interstate Commerce Commission has established them on interstate freight. In many states rates are higher, especially on coke, coal, iron ore and limestone consigned to furnaces and on Pullman traffic. The Alabama commission refused to permit a further increase on commodities needed by furnaces or on Pullman tickets.

## Sheriff Gets Big Check

Sheriff G. N. Coffield, of Randolph county, today received from the state auditor a warrant for \$850 in payment for his activities against moonshiners of his county. Sheriff Coffield recently obtained evidence against seventeen and they were convicted and given terms in the state penitentiary. The warrant was his warrant provided by the bone dry law for all persons who assist in the conviction of distillers.

## New Bank Opened

The Bank of Arab, DeKalb county was given permission to begin business by an order of N. H. Montgomery, state superintendent of banks today. It will have a paid in capital of \$25,000. Hogan Jackson is the first president and J. J. Bain vice president and cashier. Alabama now has 253 state banks.

## Campaign Urged

City officials of Montgomery to day were urged by Dr. E. W. Cheyney, state bacteriologist, to begin a campaign against the running at large of dogs which may be infected with rabies. The request was made following the finding of a large number of dogs which are infected and which have endangered the lives of human beings and live stock. Dr. Cheyney said rabies is spreading and that important and stringent measures must be taken.

## Band For Grades

Every person grading cotton in Alabama after August 1 must have a license issued by the state commissioner of agriculture and must have made a one thousand dollar bond. This act was conveyed today by J. M. Moore, author of the law, who told Commissioner of Agriculture M. C. Allgood state all persons grading cotton were required to comply. The commission of agriculture must conduct an examination of each grade, with a few exceptions before issuing the certificate.

The only persons exempt from the examination are those to whom the federal government has issued certificates as cotton graders. However even the government graders must make the one thousand dollar bond.

## Robins

Robins seem almost always to run along when they want to get any where. But now and then they take pretty strong hops that cover the ground much faster. When they run they lift their heads as though they were very proud indeed to go at such a pace.—Christian Science Monitor.

If your Eyes tire or the print runs together, so you can not read as you should, come to us and we will fit your eyes so that reading will be a pleasure.

J. W. THORNTON

## DECATUR TO ENTER STATE CONTEST ON "CLEANEST TOWN"

The Parent-Teachers Association of Decatur held their fortnightly meeting yesterday afternoon in study hall of the school building under the leadership of the popular president, Mrs. L. J. Rammage. Business was dispatched rapidly, reports being received from all the committees at work.

A short and clear cut constitution and set of bylaws were read discussed and adopted. Mrs. Pointers reported on the proposed tennis court and her committee was instructed to purchase the necessary wire and have it placed. Mrs. Hamill's committee on medical supply was continued with power to act.

The announcement by Mrs. Austelle, treasurer, that the city council had donated \$200 was received with enthusiasm and great appreciation. Playground equipment was discussed and the selection and purchase of some was left to the committee in charge.

Mrs. Polhill opened a discussion on the desirability of purchasing a large lot to be used as a playground at once and as a site for a high school building as soon as possible. The views of the members as to the wisdom of this policy were poled one by one, disclosing great unanimity of sentiment in favor of it. The council will be requested to investigate a proposition of this kind, which has come to the knowledge of the association.

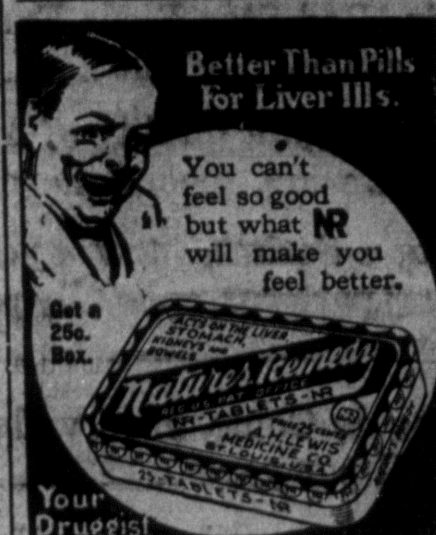

The flower sale was further organized; and it was resolved to enter the "clean town" contest.

Supt. Benson was host in providing refreshments, which the members of the faculty served.

Several new members were enrolled. There was about the meeting an atmosphere of grim determination to better conditions. The difficulties in the way were recognized, but they were recognized as a challenge to action, not to despair. "Let us then be up and doing" is the slogan of the association, and these women feel that the men will rally to their support in their efforts for the upbuilding of the city.

## Fit in a Power Plant

Algae and other water growths persisted in growing in the cooling towers of a large power and light plant. Chemical solutions did not seem to affect them, and finally the company hit on the plan of placing carp in the towers. Immediately the water began to clear up, and soon all trace of algae had disappeared. The fish did not interfere with the purpose of the towers, so they still live there.—Popular Science Monthly.

DILLEHAY BROS.

Explaining the Situation. Frederick was not popular with the other boys as he was of a quarrelsome disposition, and Tony shunned him whenever possible. When asked about it he replied, "Well, he's always looking for trouble, and if I'm not, I've just got to stay where he ain't, that's all."

## "MID-CHANNEL"

Sir Arthur Wing Pinero's  
Wonderful Drama of Love and Life

In this announcement extraordinary, the Management of this theater takes pride and pleasure in presenting the queen of the world's screen, Clara Kimball Young, in the greatest picture of her entire career, "MID-CHANNEL," from the famous stage play by Sir Arthur Wing Pinero.

We term the presentation of this production "An Event" for the public of our city, knowing that all who appreciate the finesse and master touches found only in pictures of the finer sort, will appreciate the dramatic power and ultra-smartness of "Mid-Channel" which as you may know, constituted—

### CLARA KIMBALL YOUNG IN "MID-CHANNEL"

Famous Stage Play By Sir Arthur Wingo Pinero

(Princess Wednesday)

When that brilliant emotional screen actress, Clara Kimball Young, with every new effort this excellent star with a hundred personalities, won universal fame first as the wistful American girl in "The Eyes of Youth," then as the flighty and flirtatious paragon in "The Forbidden Woman," and finally, as the brave and noble-spirited Spanish Donna in "For the Soul of Rafael," it was hard to conceive how she could excel any of her past performances. Miss Young's achievement in her latest vehicle "Mid-Channel," however, reveals new wonders in the versatility of her interpretation. Her actress leaps ever higher in the affections of the public. Whether her success in "Mid-Channel" is partly due to the throbbing timeliness of the play which deals with the most trying period of married life and bristles with moments of dramatic height that have rarely been attained in any picture, whether it is the tremendous popularity of the drama as a result of

Elhel Barrymore's success in the leading role when it was presented on Broadway—the fact remains that Miss Young's performance in this masterpiece of Sir Arthur Wingo Pinero's is a genuine surprise. Unlike so many plays that are "all icing and no cake," "Mid-Channel" offers a substantial feast of human interest. It mirrors the life of every married couple in dramatic fashion and throws new light on the most burning problem of personal life. It can be said without exaggeration that to witness this photo-drama is an experience that will never be forgotten.

### "A NIGHT IN HONOLULU"

The eruption of the volcano and the fire scene in "A Night in Honolulu," which comes to The Princess Theatre for one night only, tonight is one of the most spectacular efforts of the producer for the stage in many years. This is the reproduction of the active volcano of Kilauea, which is located at the side of Mauna Loa, elevated about four thousand feet, the summit of which is crowned by the magnificent crater called Moku-weo-weo. At intervals for many years the lava has rolled down with tremendous bursts on one side or the other, to the sea coast. The eruptions of Kilauea form great fountains, spouting immense sheets of flame and smoke. The light be-

ing plainly visible from the sea for a hundred miles or so. In the year of 1859 such a display occurred buring with terrific fury, throwing up its crimson lava and white hot rocks and destroying miles of valuable property. This crater, in the legends, was supposed to be the home of the goddess of the volcanoes, and when these eruptions occurred the natives feared the great wrath of this deity. In fact no one ventured within its shadow without an offering to appease the anger of this wilful goddess. Young women were sometimes thrown into the crater that their friends might be looked upon favorably by Pele and her family.

The United States has 87 standard breeds of chickens.

### Explain Raise in Telephone Rates

(Special to The Daily.)

MOULTON, March 15.—J. T. Cassell, District Manager of the Southern Bell Telephone and Telegraph Company, was in Moulton, Saturday, to attend a mass meeting of citizens who are protesting the raise in rates that recently went into effect, especially the placing of service from Moulton to, Decatur, Hillsboro, Courtland, Town Creek, and Leighton, on a long distance basis. On Saturday of the

week previous a mass meeting had been held in protest and it was to consult with telephone representatives that the last one was called. T. F. Almon, of Moulton, presided and questions were asked of Mr. Cassell, the representative. No definite action was taken but explanation in detail was given as to the cause of raise in rates.

## BELOVED WOMAN CALLED BY DEATH

In the death of Mrs. C. H. Byrd, which occurred at Birmingham on yesterday, these cities lose one of their best and most beloved women. She was a devout member of the Presbyterian church and her death will be mourned not only by members of that denomination but by a wide circle, especially in church activities.

The deceased is survived by her husband and two daughters, Mrs. Myrtle Byrd and Mrs. Raymond Clark, of Springfield, Mass. The remains arrived on the afternoon train when arrangements will be made for the funeral.

A Ford touring car has from 2400 in 2500 parts.

## Mother and Infant Son Pass Away

Mrs. James T. Tomerlin and son died on Saturday following a short illness, the funeral taking place from the church of God, interment at City Cemetery on Sunday. She will be sadly missed by a wide circle, that loved her for her womanly qualities.

Deceased lived in West Albany during the past two years and had many friends who extend their sympathy to relatives and especially to her bereaved husband. Besides her husband she is survived by the following brothers: Robert and Will Billings of Albany and Mrs. Dan Warren and Miss Inez Casket, the latter sisters residing in Tennessee.

## Mounts Arrive for Cavalry Troop

Mounts for the newly organized cavalry troop in Hartselle have arrived there. Eight of the mounts died at New Orleans and it is believed they were poisoned, reports from Hartselle today stated.

An inspection of the troop, which is the only one in the state, will be held Wednesday by Lieutenant-Colonel Dorsey Cullom. R. A. Burleson is troop commander.

The company has been equipped with guns, pistols and sabres. The company also has been provided with four machine guns, capable of firing 500 times a minute each.

## Holdup Costly to Victim Today

Officers were searching today, without a clue, for the two negroes who held up and robbed Ed Gray shortly after daybreak this morning on First avenue. Gray lost \$108, he reported to the police.

He said the negroes jumped out at him and pointed a gun in his face, demanding his money.

## Mrs. Copeland Dies at Hospital

Funeral services will be held Wednesday afternoon for Mrs. Roy Copeland, who died at noon Tuesday at the Benevolent hospital. The remains were conveyed to the residence of the deceased's father, S. L. Kitchens, where services will be conducted by Rev. M. D. Morgan, interment will be made at Bald Knob, Lawrence County.

America paid Russia \$7,200,000 for Alaska in 1867.
